Why Sponsor?

The Illinois Chamber of Commerce is a recognized provider of programs on issues important to business professionals/employers in Illinois. These programs provide opportunities for networking and informing attendees about the important trends and concerns for their businesses. Businesses can expect to strengthen their business image, increase brand visibility, generate leads, provide audience insight on products, and help meet their goals.

Effective Key Opportunities

We want our programs to benefit both our attendees and sponsors as much as possible. Our marketing campaigns begin early and advertise through e-mail, website, and a strong social media program as well as distribution through print publications.

How We Market:

- Targeted e-mail campaigns sent to 3,000 to 15,000 high-level business professionals per program. We acquire a notable average open rate of 15-17% per event.
- Our event webpages attract thousands of unique online visitors for each program.

- We have a robust social media program, utilizing Twitter, Facebook, LinkedIn, Instagram, and YouTube to reach a wide audience.

What Sponsorship Can Provide Your Business

- Put your business in front of our members and clients.
- Be visible to your target market.
- Increase brand awareness.
- Increase your reach and exposure to new clients, customers, and businesses.
- Reconnect with your customers and engage with an audience of business professionals.
- Generate leads.
- Deliver great ROI.

Our sponsors are vital
