LOCAL CHAMBERS COME TOGETHER FOR CHAMBER DAY 2018

The Illinois Chamber of Commerce led an effective advocacy effort, Chamber Day 2018, to connect business leaders with key lawmakers and government officials. This Chamber Day allowed voices to be heard in major policy decisions affecting the state’s top-notch employers. The event, which could not have been a success without numerous generous sponsors, was held on April 11 at the Abraham Lincoln Presidential Hotel in partner with IACCE.

Featured speakers included Governor Bruce Rauner, Managing Director Michael Dembek of True Partners Consulting LLC, Chief Healthcare and Immigration Lobbyist Jeff Lungren of the U.S. Chamber of Commerce, attorney general candidates Erika Harold and Senator Kwame Raoul and Chamber staff. Thank you to all of the sponsors who made the day a success.

Illinois Chamber of Commerce President and CEO Todd Maisch spoke with News Channel 20 on biometric data saying biometric technology is the way of the future for companies, but those companies also have a responsibility in making sure this data is secure.

**BILL STREAMLINES EMPLOYERS’ USE OF BIOMETRIC TECHNOLOGY FOR INTERNAL EMPLOYMENT PURPOSES**

In April, the Illinois Chamber’s Technology and Innovation Council defended SB 3053, a Chamber initiative that would defend small businesses from unfair litigation in regards to biometric data use. The bill would amend the state’s biometric law, established in 2008, to provide employers the ability to use biometric information for internal employment purposes including timekeeping, human resources, fraud prevention, and security purposes, as long as the employer is not using the information for commercial purposes. Read the Chicago Tribune article here.

Illinois Chamber of Commerce President and CEO Todd Maisch spoke with News Channel 20 on biometric data saying biometric technology is the way of the future for companies, but those companies also have a responsibility in making sure this data is secure. “A lot of your information is actually safer if it’s safeguarded with biometric data, opposed to something like a password that can be hacked readily,” Maisch said. See interview here.

Additionally, on April 17 Illinois Chamber’s Tyler Diers spoke at the ILSHRM/CIC-SHRM Annual Legislative Conference at Memorial Medical Center. Diers discussed biometrics in the workplace and how to be compliant with the state’s Biometric Information Privacy Act (BIPA).
A stable flat tax is one of the few advantages that allows Illinois to compete with other states that have much better overall tax and regulatory systems.

GRADUATED INCOME TAX BAD FOR BUSINESS

April 30 Illinois Chamber’s Vice President of Policy Benjamin Brockschmidt highlighted strong concerns regarding a graduated income tax. A stable flat tax is one of the few advantages that allows Illinois to compete with other states that have much better overall tax and regulatory systems. When Illinois already leads the nation in outmigration, punishing the job creators we need to restore our economy is a disaster in the making. WTTW interview here.

5G WIRELESS TECHNOLOGY A WIN FOR ILLINOIS

On April 12, Governor Bruce Rauner signed SB 1451 to bring 5G wireless technology, jobs and economic growth to Illinois. Illinois Chamber of Commerce President and CEO Todd Maisch, along with proponents of the legislation attended the bill signing. The bill will standardize and streamline regulation of small wireless cell facilities. Illinois has tremendous potential to lead the nation in tech innovation. By having better network connectivity, SB 1451 will help Illinois businesses attract and retain jobs while also keeping consumers connected.

Our state faces many economic and environmental challenges, but we support the balanced approach of policy that encourages business growth with smart environmental investment.

KEEPING THE COST OF BUSINESS LOW

Kelly Thompson of Illinois Environmental and Regulatory Group represented the Illinois Chamber on April 3 at a Statehouse press conference standing in opposition to SB 3005. The bill, in regards to Illinois permitting processes, would further increase the cost of doing business in Illinois, hampering the growth and development of businesses throughout Illinois and new businesses looking to locate in Illinois.

FOREIGN DIRECT INVESTMENT SIGNIFICANT TO ILLINOIS ECONOMY

April 19 Illinois Chamber’s Executive Director of the International Business Council spoke at SelectChicago’s Foreign Direct Investment 201 Workshop at the Illinois Science and Technology Park. Ortega joined a panel “How Money Flows Between US and Foreign Investors...Can We Increase Chicagoland’s Share?” Illinois has one of the most diverse economies in the world. Ortega highlighted foreign direct investment and its advantages to Illinois businesses.

INVESTING IN ILLINOIS’ BUSINESS COMMUNITY AND HEAVY INDUSTRY

On April 6 Illinois Chamber’s Benjamin Brock-schmidt gave testimony at the Senate Environment and Conservation Committee Hearing on the Illinois Environmental Protection Agency Beneficiary Mitigation Plan for the Volkswagen Settlement. The plan provides an opportunity for businesses of all sizes to move forward and be better stewards of the environment, especially for those in the locomotive and heavy transportation industry. Our state faces many economic and environmental challenges, but we support the balanced approach of policy that encourages business growth with smart environmental investment.
The fair maps amendment creates a commission of people and methods that allow for a transparent process to end gerrymandering to return power to the people instead of partisan political leaders.

BILL TO INCENTIVIZE CONSTRUCTION PROJECTS GARNERS SUPPORT

Illinois Chamber’s Director of Legislative Relations Tyler Diers (pictured above) spoke at a press conference on April 26 on the Blue Collar Jobs Act, HB 5864. The bill would incentivize construction projects in the state and would be modeled similar to the EDGE tax credit program. HB 5864 brought together support from both business and labor.

A SOLUTION TO END GERRYMANDERING

Director of Legislative Relations Tyler Diers represented the Illinois Chamber at a press conference on April 18 to express support for the Fair Maps Amendment, organized by CHANGE Illinois and a number of groups and legislators. The fair maps amendment creates a commission of people and methods that allow for a transparent process to end gerrymandering to return power to the people instead of partisan political leaders.
