

WORKERS COMP CONFERENCE | NOVEMBER 2026

The Illinois Chamber of Commerce and the Illinois Self-Insurers' Association will join forces to present the Most Important Workers' Compensation & Safety Conference in Illinois in 2025. Both organizations are committed to providing the Illinois business community with valuable information to help employers stay informed about workers' compensation issues. This complex and often misunderstood law is crucial for employers and their employees to understand in order to remain compliant. The conference aims not only to educate employers on compliance but also to demonstrate how they can reduce their workers' compensation costs in the process.
